PARTNERSHIP CATEGORIES

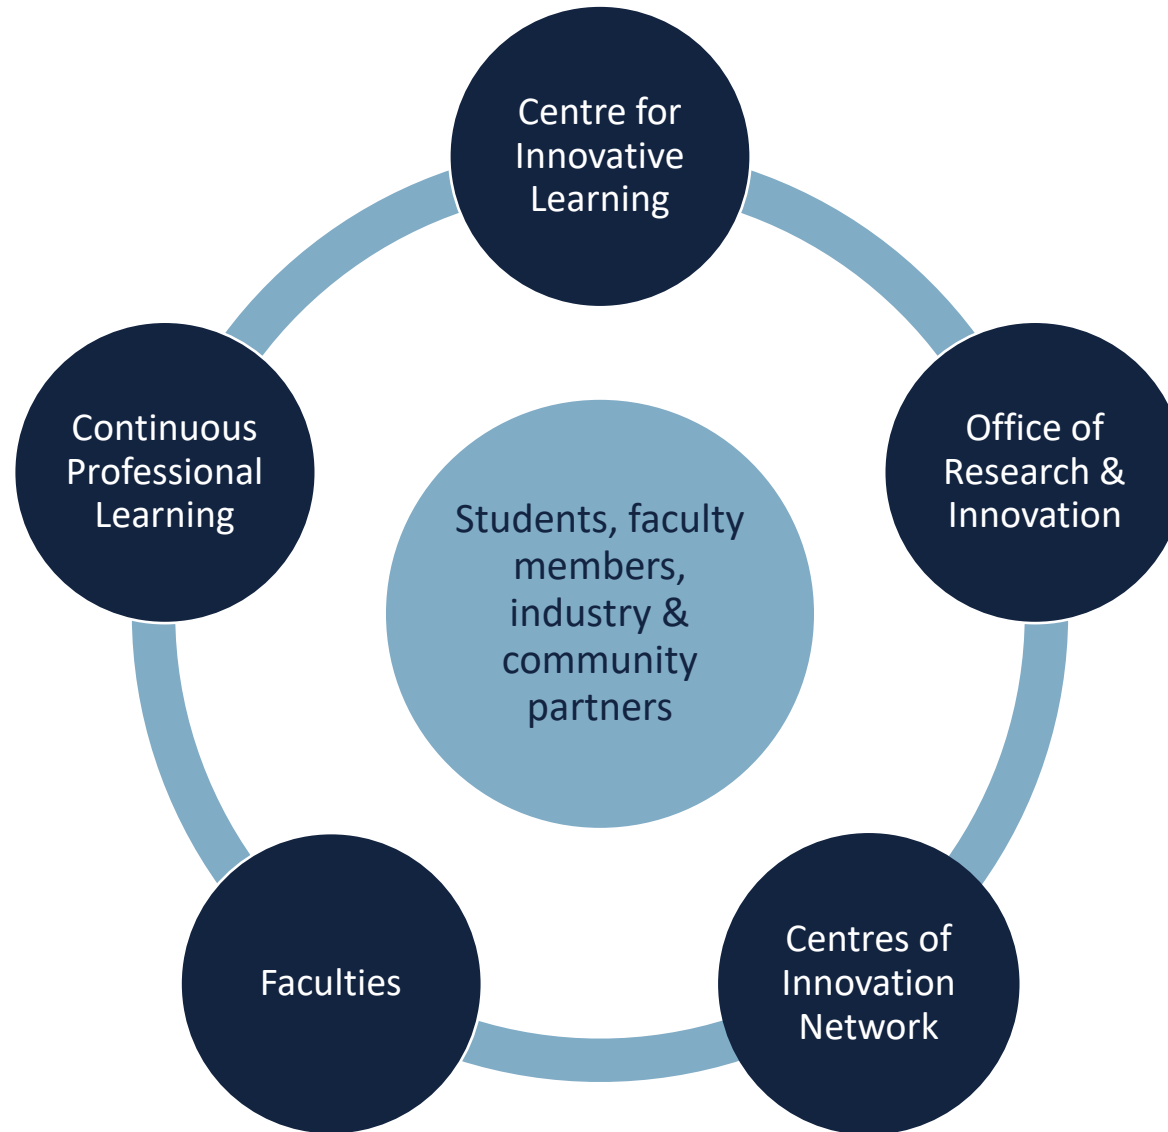

Multi-dimensional **strategic** relationships that deliver broad institutional benefits and are closely aligned to Humber's Strategic Plan priorities.

On-going or longer-term **operational** relationships (i.e., employer that consistently provides WIL opportunities).

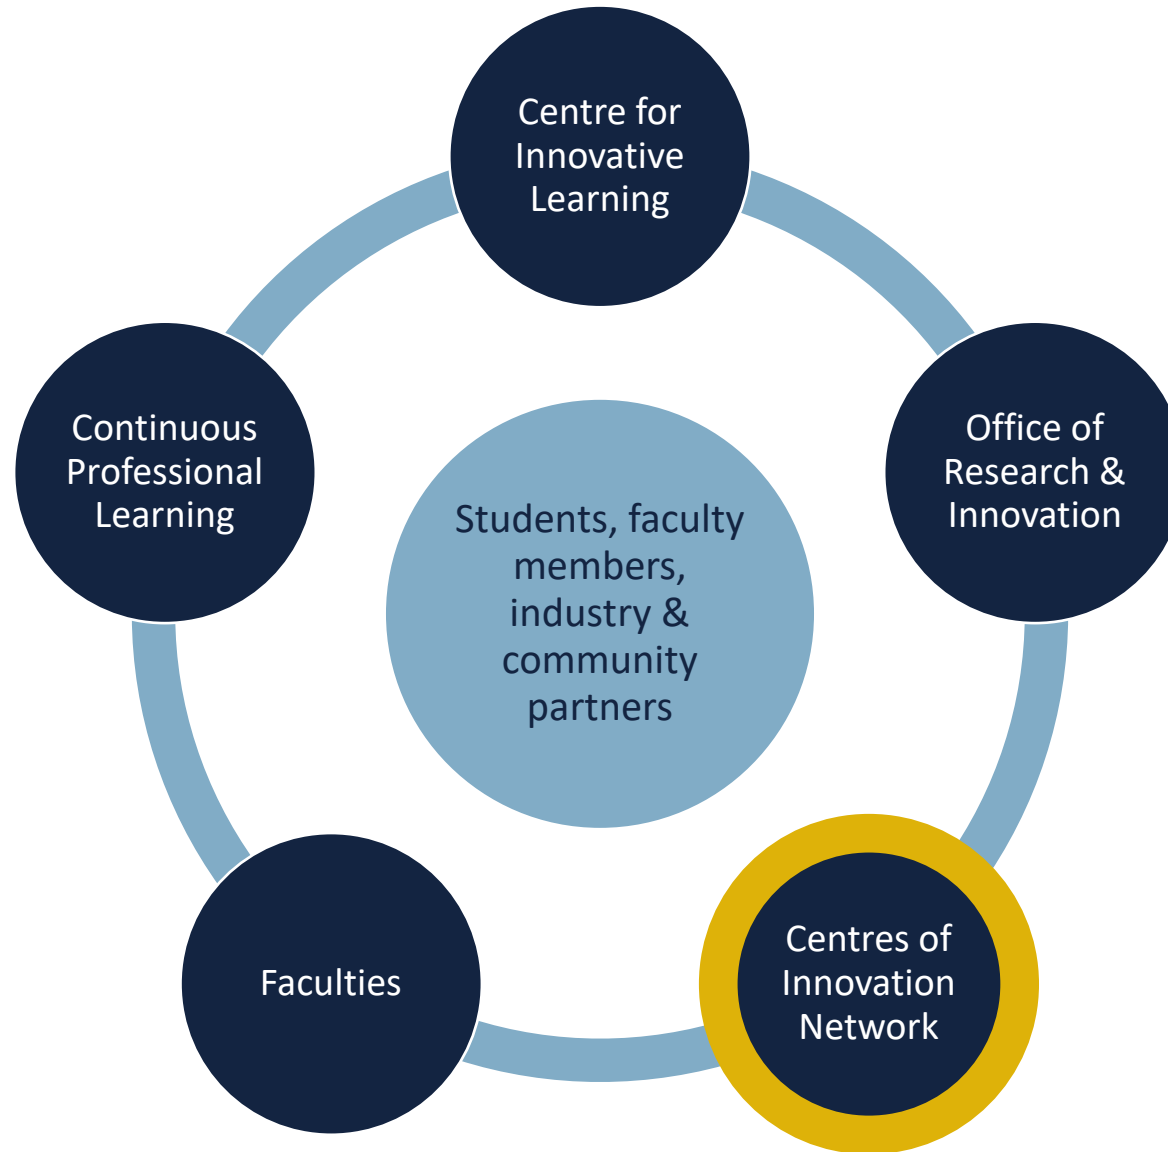

Transactional relationships meet specific, short-term, or ongoing needs (i.e., community organization/employer that partners on a government call for funding).

HUMBER'S INNOVATION ECOSYSTEM

● Humber consistently ranks among the top Canadian colleges for research partnerships.

STRATEGIC PARTNERSHIP HUB

The Hub will be a single point of entry for organizations that wish to work with Humber. The Hub provides a seamless partnership experience across Humber that leverages our vast resources, including the innovation ecosystem, to help partners achieve their goals.

● The Hub will be in the Barrett Centre for Technology Innovation.
